In wording it appears that the concession is considered necessary only in the case of Police & Salt departments. Where Excise & Salt departments are mixed up (or frequent transfers take place between the two departments) the combined service is also given the concession. But a pure Excise Deptt (without Salt work) does not appear to enjoy the concession anywhere. In this view the concession is not called for. The granting of this concession to the Excise Deptt is moreover likely to result in similar applns from other departments.

Copy of docket No. 384, dated 7th January 1911 from the Deputy Commissioner, Chitaldrug District, to the Excise Commissioner in Mysore.

Reference:-

Allowance to Markers and peons of the Excise Department whilst sick and attending Hospital for treatment.

Has the honor to state that under Article 203, of the Mysore Service Regulations a Police Officer whose pay does not exceed - - Rs.20/- gets full pay for the first three months, and half pay for the second three months if he falls ill, and receives medical aid either as in door or out door patient at the local hospitals, irres-pective of the pay for his susbtitute and in addition to any other leave admissible under the Mysore Service Regulations.

2. The men in the Excise Executive Service perform similar duties and are engaged in safeguarding Excise Revenue, they fall ill - - through constant exposure etc., whilst engaged in their duties and are entitled under Article 202 to only half pay for six months in any one term of three years; and as menials are not entitled to any privilege leave at all, such a distinction is anamolous and creates difficulties in recruiting men for the Excise Department.

3. It is recommended that the Government may be addressed on the subject and requested to extend the application of Article 203 to the men of the Excise Department.
